BIGGEST PIE ON RECORD.

It Weighed Over 2,700 Pounds, and Was Served in England.

From the Newcastle Chronicle. A large assemblage of visitors was attracted to Denby Dale on Saturday afternoon when the gigantic pie with which the inhabitants commemorated the Corn Law Jubilee was served. The pie contained 1,120 pounds of beef, 180 pounds of veal ,112 pounds of mutton, 60 pounds lamb and the crust made of 1,120 pounds of flour and 160 pounds of lard. The pie was prepared by ladies of the village, assisted by Messrs. J. W. Spivey & F. Dearnley.

The meat was first cooked separately,then put into a dish of three-eighths inch steel plates, 10 feet long, 6 feet 6 inches wide, one foot deep and weighing about half a ton. This was specially made by Messrs. W.C.Holmes &Co., of Huddersfield. The crust was then put over the meat and the whole pie was baked in an oven 13 feet long, 9 feet wide and 2 feet high inside, specially designed and constructed by Messrs. Allott Bros., of Denby Dale. The gross weight of the ple and dish was 1,500 pounds. The load was conveyed on Saturday morning from the oven to Norman Park on a wagon drawn by fourteen horses, and was on view in the park till 4 in the afternoon. At 3 o'clock there was a pro cession of waiters, committee and the Denby Dale brass band to Norman Park. Sixpence was charged for admission to the park, and a shilling for admission to the enclosure, which entitled the visitor to a specially designed plate containing a portion o

the ple. Mr. W. Wood, member of the committee, presented to Mr. Frank Naylor, the president, a pair of monster carvers (the knife being 33 inches long and the fork 25 inches), with buck horn handles and silver mountings. Mr. Naylor cut the first portion of the pie, and other members of the committee served portions to the people assembled. The bulk of the pie was soon disposed of. A fireworks display closed the proceedings. The receipts were in aid of the local char-

Mr. McKinley will continue to conduct himself as a man who appreciates the dignity and the importance of the position he seeks. He will not lend himself to any catchpenny scheme for the sake of satisfying the curious or of making himself talked about. I have heard this subject discussed, and I think I know what I am talking about when I say Mr. McKinley will continue to address

the people who visit him at Canton." The declaration was in reply to a question as to what he would do with the monster petition now circulating among workingmen of Chicago, asking McKinley and Bryan to engage in joint debate of the money question for their benefit of the Coliseum. It is evident that Mr. Hanna understands that Mr. McKinley would be no match for Mr. Bryan in debate.
